Il progetto CARM nasce nel 2010, da un'idea, dall'esperienza, dalle indicazioni, di uno Smerigliatore che dopo 30 anni di lavoro, passati su varie Macchine da Smeriglio in diverse Concerie, smerigliando diversissime tipologie di pelli riuscì ad individuare i punti di forza delle migliori carte smeriglio. Grazie ai suoi iniziali consigli nasce la Carta Smeriglio CARM nata per essere la scelta migliore nelle lavorazioni conciarie.

The CARM project was born in 2010, from an idea, from the experience, from the indications, of a Grinder that after 30 years of work, passed on various Emery Machines in different Tanneries, grinding very different types of leathers managed to identify the points of strength of the best emery cards. Thanks to his initial advice, the CARM Emery Paper was born, born to be the best choice in tanning processes.
